*(FORMERLY VILLAGES AT MURPHY CREEK METROPOLITAN DISTRICT NO. 2)*

**2024 Budget Message**

**Introduction**

The Harvest Crossing Metropolitan District No. 4 (“District No. 4”) was originally formed as the Villages at Murphy Creek Metropolitan District No. 2 in 2007 for the purpose of providing design, financing, acquisition, and construction of certain infrastructure including water improvements, street improvements, sanitary sewer improvements, park and recreation improvements and traffic and safety controls. When appropriate, these improvements have been, or will be, dedicated to the City of Aurora, or such other entities as appropriate for the use and benefit of the District taxpayers and service users. The District went into Inactive Status in 2010, and returned to Active Status in 2021.

The 2024 budget was prepared in accordance with the Local Budget Law of Colorado. The budget reflects the projected spending plan for the 2024 fiscal year based on available revenues. This budget provides for the general operation of the District and debt service expenditures.

The District’s 2023 assessed value is \$1,279. The District’s mill levy is 70.590 for taxes collected in 2024. 10.000 mills are dedicated to the General Fund and 59.402 mills are dedicated to the Debt Service Fund, and 1.188 mills are dedicated to the Aurora Regional Infrastructure mill levy.

**Budgetary Basis of Accounting**

The District uses funds to budget and report on the financial position and results of operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions. The various funds determine the total District budget. All of the District’s funds are considered governmental funds and are reported using the current financial resources and the modified accrual basis of accounting. Revenues are recognized when they are measurable and available. Revenues are considered available when they are collectible within the current period. For this purpose, the District considers revenues to be available if they are collected within 60-days of the end of the current fiscal period. Expenditures, other than the interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid.

**Fund Summaries**

The **General Fund** is used to account for resources traditionally associated with government such as property taxes, specific ownership tax and expenditures which include district administration, legal services, and other expenses related to statutory operations of a local government.

The **Capital Projects Fund** is used to account for revenues and expenditures to complete capital projects such as new improvements and upgrades to existing infrastructure

The **Debt Service Fund** is used to account for property taxes and other revenues dedicated to pay the fiscal year's debt expense which includes principal payments, interest payments, and administrative costs associated with debt issues. On June 2, 2022, the District issued Limited Tax General Obligation Bonds, Series 2022A in the amount of \$12,913,000. Below is a summary of the District's long-term scheduled debt payments for the obligation:
